Round Up
March 18, 19, & 20th**

The above picture shows Quonset painted in 1986 with **Grab 'em Paint and Zinc Primer** predecessors and are still **looking good after 30 years**. These were manufactured by Wienert Manufacturing Company (WMC) from 1976 to 1998 but are now manufactured by a Toll manufacturer to the **same Specification and exclusive sale and use**. Also, the use of a primer (with linseed oil and/or Zinc Dust) has been found in many cases to improve the **Adhesion, Durability, Corrosion Resistance, and Penetration** over a self-priming paint and is also more **economical**.

For **Interior Projects**, WMC also has **Ceiling, Wall & Trim Flat, and Satin Paints** and **Dry Wall Primers** from the Toll Manufacturer for this application. If they are not on hand in Louisburg, they may be ordered from KC for **one or two day delivery**. This also applies to **painting supplies** (brushes, rollers and covers, tapes, caulks, etc.) for successful completion of painting projects.

Stop at Wienert Mfg to check our prices and pick out your colors.

Best Paint For Wood - Metal - Masonry
