Grab 'em Paint

353727s

The Rebuilding Maintenance Paint™ for Every Surface

URBAN RENEWAL

With Grab 'em Paint!

These photos show some of the painting done in Buffalo to improve the appearance of some buildings on the town square. The upper photo shows the unsightliness of the second story. The lower photo shows the **Grab 'em off-white Penetrating Primer** being applied and the white finish coat applied on part of the first floor.

The **Grab 'em Penetrating & Wetting Primers** are very helpful in making the paint adhere to the weathered surfaces such as old wood & new wood & rusty iron metals. Good adhesion increases the durability of the **Grab 'em Paint Finish Coats**.

Wienert Manufacturing Co.
